

City of Biggs
Agenda Item for the
next regular City Council Meeting
March 19, 2012 6:00pm

To: Honorable Mayor
and Members of the City Council

Date: March 13, 2012

From: Steve Speights, PE – City Engineer

Subject: Monthly Activity Report

6th Street Bridge

A request to authorize the next phase, RW and utility relocation, has been prepared and submitted to Caltrans. It usually takes 4-6 weeks to receive approval.

Wastewater Treatment Plant

A progress report and request for Council direction on property acquisition will be presented in closed session. Approval for the Phase 1 design and Phase 2 preliminary design proposals along with proposals for environmental work should be requested at the April Council meeting. We are working on grant / loan applications to both the State Revolving Fund and USDA.

Sunwest Phase 2

We have had several discussions with the Sunwest engineer about the improvements on Bannock St. and making everything fit within the existing flat street grades. They are working out a solution, but have not submitted plans for rechecking yet.

Safe Route to School Cycle 10 Funding Application

Leo has scheduled meetings with the schools for next week and should be able to finish the draft by the end of next week. The final application is due to Caltrans by the 30th of March.
